## **THIS ANNOUNCEMENT CONTAINS INSIDE INFORMATION**

8 April 2019

**LightwaveRF plc**  
("LightwaveRF" or the "Company")

### **Issue of Equity and Total Voting Rights**

#### **Issue of Equity**

Further to its announcement of 19 March 2019, LightwaveRF (AIM: LWRF), the leading smart homes solutions provider, announces that application has been made for 1,185,153 new Ordinary Shares to be admitted to trading on AIM. These shares form part of the 10,917,840 Deferred Settlement Shares, details of which were set out in the Company's circular dated 1 March 2019. Admission is expected to occur at 8.00 a.m. on 11 April 2019 ("Admission").

#### **Total Voting Rights**

Following Admission, the Company will have 97,045,397 Ordinary Shares in issue and admitted to trading on AIM. This figure may be used by Shareholders as the denominator for the calculations by which they will determine if they are required to notify their interest in, or a change to their interest in, the Company under the Financial Conduct Authority's Disclosure Guidance and Transparency Rules.

A further announcement relating to the balance of the Deferred Settlement Shares will be made in due course.

This announcement should be read in conjunction with the full text of the Circular dated 1 March 2019, copies of which are available on the Company's website at [www.lightwaverf.com](http://www.lightwaverf.com). Capitalised terms in this announcement have the same meaning as given in the Circular.

**About LightwaveRF**

LightwaveRF is the UK's only fully integrated home automation company.

New customers typically buy a starter pack of Link Plus hub and smart dimmer which has Apple HomeKit compatibility, 2-way communication and built-in energy monitoring. Later adding other easy to install devices from the Lightwave range enables further in-home control, monitoring and automation of lighting, heating and power.

Devices may be operated manually, by smartphone or tablet-based apps and also through Google Assistant and Amazon Alexa voice control.

Leading tech industry publication 9to5 Mac describes LightwaveRF as "the best UK HomeKit solution for smart lighting".
